

**IMPORTANT**

The main road to access to the Swiss border at la Ferrière-sous-Jougne/Vallorbe (RN57), between the village of Jougne and the Swiss border will be closed for trucks over 3.5 T from the 4<sup>th</sup> May 2009 for about 12 weeks.

The reasons of this closing are urgent works to stabilize cliffs and to make this way secure.

A diversion is organized from Pontarlier through the Swiss border point of Les Verrières.

PESA will be also there during this diversion and will be able to clear your traffics, as quick as today in Vallorbe.
